

Publishing results obtained from ESRF data

Article writing process

Properly acknowledge ESRF staff as co-authors

if they were one of the scientific drivers of the work done, or played a key role in the experiment. This includes running the beamline and collecting data for users in remote mode during the COVID pandemic.

Acknowledge the ESRF and the EMBL Grenoble,

according to:

"We acknowledge the European Synchrotron Radiation Facility for provision of synchrotron radiation facilities and we would like to thank the staff of the ESRF and EMBL Grenoble for assistance and support in using beamline ### under proposal number ###."

Specify the **beamline**

Specify the **proposal number**

Cite the **ESRF data DOI**. The unique Digital Object Identifier of each experimental session can be found in the user portal and the data portal.

After the article is published

Inform the library

- **Upload** your article **reference** and your **postprint version** (if the article is not open access) in the library database:
<https://epn-library.esrf.fr/flora/>
- or **send** an email to library@esrf.fr with your **postprint version** (if the article is not open access)
